About

SUSIN I-TORK INDIA PRIVATE LIMITED

Susin Group was founded by Mr. Muthukumar in 1992, as a company specialized in the design, manufacture and installation of Valve automation products to different industries. In 2006 the company stepped into marketing to manufacturing, and to focus more on valve automation industrial requirements. We are providing complete automation solution to all kind of Valve Industries where we equipped to support in pneumatic, hydraulic, electrical & mechanical actuators. susin produces various range of critical products in different applications.

OUR GLOBAL PARTNERS

WORM GEAR ACTUATOR - MAW SERIES

MAW Series gear box is rocky with robust design, industrial grade products, manufactured with cast Iron housing and components. These series of gear box will provide an easy operation and reliable surface finish coatings.

APPLICATION

MAW Series Gear Boxes are suitable for all rotary types of valves like Ball Valve, Butterfly Valves and Plug Valves and Dampers. Also, it is highly suitable for all general-purpose Industries as well as chemical, power, HVAC, and waterworks industries. hand wheels are available in a variety of sizes for smooth and easy operation.

Several options such as limit switch, electrical actuator can be easily mounted on site without any machining due to integration of all necessary incorporated with housing.

FEATURE

- Torque Range 100 to 32000Nm with Gear Reduction Attachment
- $\pm 5^\circ$ Stroke Adjustment
- IP Rating-IP54, IP55, IP65 and IP67M
- Temperature Range -20°C to +85°C (Standard)
- -45°C to +120°C (Low Temperature)
- Ductile Iron Housing (Cast Iron Optional)
- Steel Input Shaft (Stainless Steel Optional)
- Bearing Construction
- Epoxy & PU Coating for Housing and Powder Coated Hand Wheel

Bushing Type

- Splines are permitted accurate alignment of valve stem key.

MOV Flange (For Electrical Actuator)

- Worm gear actuator can provide with electrically operated actuators with ISO-5210 mounting dimensions.

LH - Clockwise to Close

RH - Clockwise to Close

HANDWHEEL

- ✓ Varies type of casting, fabricated handwheels & chain wheels can be offered by Susin.
- ✓ High quality material has been used for best construction.
- ✓ **Quick Response** : With hand wheels, you can quickly open or close valves in response to changing conditions, maintenance needs.
- ✓ **Visual Positioning** : Hand wheels have markings or indicators that show the position of the valve. This visual reference allows operators to determine the valve's status at a glance.

Casting Hand Wheel
Ranges from 4" to 16"

Chain Hand Wheel
Ranges from 4" to 24"

Fabricated Hand Wheel
Ranges from 4" to 40"
